'Under the coaching care of the experts at LGN, not only do they help you achieve more than you thought you were capable of, whatever your level, but they never forget that running should be a pleasure.'

Stephen Woodford
CEO DDB London

LGN was created in a dual response to growing corporate sector requirement for cost effective employee health provision and the dramatic increase in people trialing running as a route to fitness.

Within the time starved corporate community, LGN running services are recognised as the cost effective, time efficient and accessible method of providing tangible fitness within an employee wellbeing package.

Events

Using naturally occurring industry rivalries as a basis for inspiring employee fitness, and with a plethora of leading advertising clients, LGN established the Inter Advertising Agency 5km.

The event proved to be a rapid success, with several hundred runners competing for coveted industry bragging rights. The beautiful venue of London's Regents Park and official backing of industry patron NABS helped to ensure the event became a fixture within the industry calendar.

Future LGN activity includes establishing industry events for both BP and Jones Lang LaSalle and also creating a ground breaking LGN Tower Run event up one of London's most iconic and prestigious buildings.

'LGN running clubs provide an integral part of the Euro RSCG's wellbeing package, offering a unique benefit beyond purely improving our physical health and essentially promoting team building across disciplines'

Mark Cadman
CEO Euro RSCG
